Raquel J. Webster Senior Counsel

September 20, 2021

BY ELECTRONIC MAIL

Luly E. Massaro, Commission Clerk Rhode Island Public Utilities Commission 89 Jefferson Boulevard Warwick, RI 02888

RE: Dockets 5165 & 5180 - 2021 Distribution Adjustment Clause and Gas Cost Recovery Responses to Record Requests

Dear Ms. Massaro:

I have enclosed National Grid's¹ responses to the record requests that were issued at the Public Utilities Commission's Evidentiary Hearing on October 13, 2021, in the above-referenced dockets.²

This transmittal contains the Company's response to Record Requests 2 and 3, which completes the Company's responses to the record requests issued in this matter.

Thank you for your attention to this filing. If you have any questions, please contact me at 781-907-2121.

Very truly yours,

Raquel J. Webster

Enclosures

cc: Docket 5165 Service List Leo Wold, Esq. Al Mancini, Division John Bell, Division

¹ The Narragansett Electric Company d/b/a National Grid (National Grid or the Company).

² Per communication from Commission counsel on October 4, 2021, the Company is submitting an electronic version of this filing followed by six (6) hard copies filed with the Clerk within 24 hours of the electronic filing.

The Narragansett Electric Company d/b/a National Grid RIPUC Docket Nos. 5165 & 5180

In Re: 2021 Distribution Adjustment Charge Filing and 2021 Gas Cost Recovery Filing Responses to Record Requests Issued at the Commission's Evidentiary Hearing on October 13, 2021

Record Request No. 2

Request:

Have any additional towns informed the Company that they are enforcing the curb to curb paving law?

Response:

Since January 20, 2021, no additional municipalities have informed the Company that they are requiring curb to curb paving for Main Replacement projects. The number of municipalities requiring curb to curb paving, at least in some cases, remains at 27.

Please see Attachment RR-2, with the column header entitled "As of October 22, 2021" for a current list of Rhode Island paving requirements, by municipality. Any text in red indicates a modification of requirements since January 20, 2021 (the three line items that changed still require curb to curb paving in some instances).

For patches, in FY 2022, more municipalities have been requiring a mill and pave for the patch area where patches are within 50 feet of each other. In some cases, this includes situations where the Company has a new patch from FY 2022 and an existing patch that was dug after July 11, 2019 (date the Rhode Island Fair Share Roadway Act was passed). This requirement overrides the municipalities requirements for a single patch, which is listed on Attachment RR-2.

The Narragansett Electric Company d/b/a National Grid RIPUC Docket Nos. 5165 & 5180 Attachment RR-2 Page 1 of 2

In Re: 2021 Distribution Adjustment Charge Filing and 2021 Gas Cost Recovery Filing Responses to Record Requests Issued at the Commission's Evidentiary Hearing on October 13, 2021

Record Request No. 3

Request:

Please provide a schedule of each line that has been abandoned and when they will be abandoned. Include what replacements have occurred and what we anticipate will go into service.

Response:

- a. Please see Attachment RR-3(a) for a list of abandonments completed in FY 2021. Column R lists the date the newly installed assets were placed in-service.
- b. Please see Attachment RR-3(b) for a list of installations that were started in FY 2021, but where the abandonment was not yet completed as of the close of FY 2021 (March 31, 2021). Except for four main replacement projects, all projects on the list are anticipated to go in-service in FY 2022. The four projects with an 'In-Service Date' (column R) labeled "TBD – On Hold – Main adjacent to Native American burial grounds" are currently on hold; there is a fifth project that is also on hold for the same reason, but the new main has been placed in-service and the old main has also not been abandoned.
